STANDARD AND REDUCED FEES FOR MORNING AND AFTERNOON ACTIVITIES

Academic year 2026–2027

Morning and afternoon activities are voluntary activities arranged for a fee for pupils in grades 1 and 2 as well as for pupils with special needs support in grades 1–9. The activities are primarily provided on school days from 12 noon–5 p.m. and include guided activities, outdoor recreation and a snack.

Standard monthly fees

Fee	Service
€40/month	morning activities
€100/month	afternoon activities, max. 3 h/day (until 3 p.m.)
€160/month	afternoon activities, max. 5 h/day (until 5 p.m.)

Principles of fee collection

- The fee is charged for each calendar month during which the child participates in morning and/or afternoon activities.
- The fee is **reduced by 50%** if the activity is only organised for a maximum of 10 days during a calendar month.
- The fee is **reduced by 50%** if the child is absent from the activities due to illness for more than 10 days during a calendar month.
 - A doctor or health care certificate must be shown as proof of absence caused by illness.
- The fee is **reduced by 50%** if, for other reasons, the child will be absent for an entire calendar month, **provided that the absence has been announced in advance and no later than by the last day of the previous month.**

Changes to and termination of participation in activities

- Any planned absences and changes must be told in advance to the group instructor.
- If the pupil's parent/guardian wishes to terminate the pupil's place in the service, this decision must be submitted in writing.
 - The termination shall take effect no earlier than after the full month following the notification submission month. The fee shall be charged until the end of the month following the notification submission month.

Exception during the autumn term:

- If a termination notification is submitted before the end of September, the termination can, by request of the parent/guardian, take effect already at the start of the next month.

Changes in participation time

- If the time when the pupil will participate in the activities is changing, such changes must be notified in writing at least one calendar month prior to the change taking effect.

For example:

- Notification submitted on 6 October → change takes effect on 1 December
- Any change in the time when the child participates in the activities will affect the amount of the standard customer fee.
- **Exception during the autumn term:**
 - If the change notification is submitted before the end of September, the change can take effect already at the start of the next month.

Notifications

Changes can be notified by e-mail: iltapaivatoiminta@kauniainen.fi

Reduced fee or payment exemption

Standard monthly fees in accordance with the valid fees approved by the competent authority are charged for the afternoon activities provided by comprehensive education in the City of Kauniainen.

In accordance with the Act on Primary and Lower Secondary Education (Section 48 f), the fee can be reduced or the customer can be exempt from payment if there are grounds for such on the basis of a parent's maintenance obligation, requirements for an adequate livelihood or other factors related to the family's situation.

A parent/guardian can apply for:

- a **reduced monthly fee (50%)**
- or a **payment exemption**

What is the decision based on?

The decision is based on family size and gross income.

Family is considered to be those persons living as a married, common-law or registered couple in the same household with their minor children.

What income is taken into account?

Relevant income includes:

- Earned and capital income of the parent/guardian and their spouse or common-law spouse
- as well as tax-exempt income

Income does not include, e.g.:

- Child benefit or child home care allowance
- Housing allowance
- Financial aid for studies
- Social assistance
- Disability allowance
- Other similar forms of support

Income is reduced by:

- Paid child support

If the amount of income fluctuates, the average monthly income of the previous year will be used as the income basis.

Income limits as of 1 August 2026

Family size	50% fee	Exemption from payment
2	€3,172	€2,444
3	€3,896	€3,155
4	€4,630	€3,581
5	€4,794	€4,009
6	€4,956	€4,434

If the size of the family exceeds six people, the income limit will be increased by €163 for each additional minor child. The income limit is adjusted a minimum of every two years or as needed.

Application process

Applications for a fee reduction or exemption are submitted in writing using a separate application form.

The application is submitted by a parent/guardian who lives with the child in question at the same address stated in the Population Information System.

The application should be submitted with the following attachments:

- Current income information
- Other attachments requested in the application

The application will be processed once all the necessary information and attachments have been submitted.

Decision

The decision regarding a reduction or exemption from the customer fee shall be made by the official responsible for the matter in accordance with the delegation rule approved by the Education Committee.

The reduced fee or payment exemption is granted from the start of the month in which the application and attachments have been received by the service entity processing the applications.

The decision is valid for a limited period of no more than one academic year.

Updated information

The parent/guardian must inform without delay if:

- The family's income changes
- The family's size changes

The decision can be changed if:

- The family's ability to pay or circumstances change fundamentally
- or the decision is based on false information

The information can be checked from public registers as permitted by the current legislation.
